

College Scoreboard

Once you've completed the [college comparison worksheet](#) and tallied up the positives and negatives for each, you are going to want to compare the scores to determine which has the highest number of points. Take a look at the numbers in the far right column and it should be quite apparent which is the right college for you. Make your decision and congratulate yourself on a job well done.

College Name	Pro's (+)	Con's (-)	Total Score
1.			
2.			
3.			
4.			
5.
